REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance:

None of the references cited by the examiner or by applicant are deemed to teach or suggest, either alone or in combination, each and all of the limitations of the present claims.

Applicant's response filed on September 20, 2004 has presented a narrower scope of certain of the claim limitations, specifically:

(a) With regard to "sectors" the claims are now limited to the definition provided by applicant in response to the examiner's discussion of flash "sectors"; this definition is found on page 23, line 19, to page 24, line 9 of the response.

(b) With regard to the "free list of physical sectors", page 24, lines 10 et seq., and elsewhere in the response, applicant has indicated that the free list of physical sectors *only* lists *free* sectors, as opposed to a general sector map, which may include free sectors along with full or partially full sectors. Support for this assertion was provided to the examiner in the telephone interview of November 2, 2004 – note page 22, lines 12-20 of the specification and the attached interview summary.

(c) Furthermore, applicant has limited the scope of the "free list of physical sectors" to only those sectors that can be written to without being erased first, note page 24, lines 10 et seq. of the response.

Consequently claims 1-6, 15-20, 22-26 and 28-44 are allowed.
